Introduction

Banner Printing USA offers a wide range of banner printing services including large format printing, tension fabric, advertising flags, banner stands, step and repeat backdrops, real estate signs, SEG products, tradeshow products, event tents, and table throws.

Business Plan

The company strategy is to:

Banner Printing USA, Inc. is a commercial printing company that offers low priced banner printing services to a wide variety of businesses as well as individuals. The company offers online, demand, digital and offset banner printing services through a website geared towards major cities through a series of virtual offices. Banner Printing USA, Inc. is a commercial printing company that provides banner printing services then outsources order completion and delivery direct to the customer. Banner Printing USA, Inc. plans to eventually have virtual offices in every major city so we can capture business from all conventions and all businesses throughout the country. They serve primarily as a physical Google My Business locations for nationwide clients that Banner Printing USA serves. Customer traffic is driven through an extensive on-line presence through major internet search engines (i.e. Google, etc.) with locally addressed listings throughout the country. This effectively streamlines the Company's overhead costs and increases margins and profit revenue, without compromising customer service and product delivery.

The marketing strategy is to:

Banner Printing USA, Inc. plans to open over 1,000 virtual offices throughout the United States over the next 24 to 36 months. Once a virtual office is approved by search engines such as Google My Business this allows our company to show up in directories in each particular city that we open an office. We plan to then do very extensive online marketing such as search engine optimization, pay per click advertising and social media advertising locally and on a national basis.
